

# *A BREAK FROM SCHOOL*

It's a break from school,  
It's time to play.  
Neither read nor study,  
And not sit all day.

I'll drink some juice,  
Eat some snacks.  
Gobble up the candies,  
Stacked in racks.

I'll have a good time,  
No matter day or night.  
Flying kites or rowing boats,  
No plans for tomorrow yet.

Oh!yay a break from school.

What should I do?

Go to the beach,  
Or the endless plateaus.

Let me say a way  
of the wonderful holiday.  
Take a glass of fizzy drink,  
Lay by the shore

Or take a boat,  
To sail around.  
And then getting back,  
Memories following me around.

A break from school,  
Can make our mood cool.  
It gives us time to eat ice-creams,  
And gives us good dreams.

We can go for holidays,  
On the endless bays.  
We can sow some seeds,  
And play with beads.

We can play in the sunlight,  
Where we can grow our height.  
After playing in rain,  
We have to go to school again.

# A BREAK FROM SCHOOL

A break from school  
Is very cool  
When holiday is near  
We get steered.

We eat food,  
Stuffing ourselves.  
We can play games,  
And proud claims.

How long should I wait,  
To get home straight.  
I am waiting with bated breath  
To go back home.

# *A BREAK FROM SCHOOL*

We all need a break from school.  
To go have some fun in the swimming pool,  
Spending time with my parents and friends,  
This is the fun that never ends.

I love the wind blowing on my face.  
I go everywhere with extreme pace.  
I always love to play sports.  
As there is no problems need of sorts.

There is no homework in the holiday  
'Nothing to do' , is what I say  
But after this we have to go to school,  
And that's where things don't get so cool.

# A BREAK FROM SCHOOL

A break from school,  
Is very relaxing and cool.  
We can do anything we want,  
And there's nothing that we can't do.

Being in complete freedom,  
Can be the best.  
Where we play in an endless loop and have fun,  
While ignoring all the troublesome sums.

It is refreshing , joyful and cool.  
To have a break that can make your mind cool  
After all, It is a break from school.

# *A BREAK FROM SCHOOL*

A break from school,  
Is a boon come true.  
A breeze that is cool,  
Gives me a shrill of joy.

Not having a care in the world,  
And eating an ice-cream.  
Dreaming infinitely in the day,  
Is a must I dare say.

A short relief,  
For my mental strain.  
Now the only thing I desire,  
Is to have an extension of this holiday-brighter.

A break from school,  
A granted boon.  
It's so cool,  
When you are in your cocoon.

With my cozy blanket I sleep,  
Thinking about how interesting tomorrow will be.  
I go out and have fun,  
While my brother has chocolate bun.

Studying with them.

Eating strange food  
And shopping for back to school.
