

BACK TO SCHOOL

**Back to school,
Is the news truthful?
What should I bring?
Can I wear a golden ring?
Online classes are over,
It's time to leave my home,
I can't freely roam,
I'll miss my family.
At last, I'm going to school,
It's going to be so cool!**

BACK TO SCHOOL

Hee! Ha! Hurray!!!

Mixed feelings of sadness and happiness,

It's so amusing to go to CIRS!

Meeting people from all over the world,

Learning new languages!

Love and care flying over the school.

Missing my family with heavy heart,

But excited to be in the boarding,

With all prayer in my heart,

Here I come to CIRS.

BACK TO SCHOOL

**Happy days, two years back
Back then, it was a fact.
But right now, it is history
Which was then like a mystery.**

**The beautiful days were gone
But now it is reborn!
The boring days of online classes
Replaced now, with
The beautiful days of offline classes.**

BACK TO SCHOOL

**Finally, the doors have opened,
and children will soon pour in!
It's a bustle at home
With people hurrying to fetch clothes and things
while suitcases fill up.**

**Mothers are in a frenzy,
children are super excited!
School is starting soon, hurrah!**

**My friends bid me goodbye,
And so do their parents,
To send me cheerfully...
Hurrah! I'm back to school!**

BACK TO SCHOOL

**Back to school, back to school
It's so wonderful!
Time for work and study anew,
Time for fun!
Make best friends and
be contented!
We're all back to school,
Our teachers are really cool,
With a lot of patience too!
Saying goodbye to the virus,
We're back to school!
I'm feeling great,
How about you?**

BACK TO SCHOOL

**Wooahoo! I get to go back to school.
Shopping for school is so cool!
I get to buy bags, books and the cute little pens,
And can't wait to meet my teachers and friends.**

**Going to school is so much fun
My mum tells me school life is the best
'Coz it'll give us memories for life's rest.
I love to draw in art class
and play the piano in music class.
Going back to school is the best!**

BACK TO SCHOOL

**From the monotonous screens and internet glitches,
Finally, back to our second home; our school.
Revived with the real classes and teachers' jokes,
A classroom filled with joy and laughter.**

**The chitter-chatter with friends about
New books and movies, exams and sports: my favourite part,
When it's break time it's fun time!
The juice, snacks and games like tic-tac-toe.**

**Relishing meals with our buddies at the dining,
A lot of sharing and caring happening!
But that's not all,
'tis evening when we make the most noise as we play,
Then comes the night and parts us all.**

BACK TO SCHOOL

**It's been two years since these gates were opened last
Everyone wanted to get in fast
Most were happy, some were sad.
One little boy wanted to go back home to his dad.**

**Few were crying
Everyone who said so were actually lying!
We were sort of, missing home
Yet, we studied and chanted 'Om!'**

**At least online classes are done
And now we can have fun!
Back to school now,
I wonder how?**

BACK TO SCHOOL

**Hurrah! We're back to school
After two years due to corona rules.
School bells are ringing and calling us,
Parents are booking tickets for flights and bus.
While packing my school uniform,
I was in happy form.
I promised my parents I'd be fine,
After entering the school gate, I was on cloud nine!
Last two years we were bored to study online,
Now we'll have fun studying offline.
I'll use my eyes to see new friends,
Use my ears to listen to teachers.
Will open my brain to learn new things.
Actually, I'm not able to express my feelings!!!**

BACK TO SCHOOL

**I wanted to go to school
but corona stopped us to rule.
Finally, the time has come
to go to school and have some fun.
Instead of watching a movie on my tab
I can learn something new in the science lab.
Time to bid good bye to online classes
And welcome the offline classes.
This school is the best
A lot better than the rest!
I love this school
Because it's so cool.**

BACK TO SCHOOL

**We're finally back to school
It's literally so cool!
It's a fun phase of life
and everyone around is so nice.**

**I'll accept the fact,
that at first, jogging was a drag
but now when I think about it,
It isn't that bad!**

**The best part of coming to hostel,
Was of course, meeting friends.
Our friendship is so deep,
It's a promise that we'll all keep.**

BACK TO SCHOOL

**Being back to school
Is really fun!
Online classes,
finally, they're done!**

**I'm missing home
But all the boredom
Finally, it's gone!
Meeting friends,
Not feeling lonely.**

**Good to go
Nice and comfortable
Being back to school
It's really fun
I love it
So does everyone.**
