**I'm in my cosy nest,  
It is the best!  
This is the play room,  
I clean it with a broom.  
That's my favorite toy,  
Playing with it gives me joy.  
My study room is very neat,  
It contains a rolling seat.  
I love my nest,  
Hope you love yours too.**

# MY COSY NEST

I have a nest where I go  
A place that no one knows.  
Though I don't have a bed or pillow  
My Nest is like a secret home.

I enjoy being there for long  
A place so quiet to listen to a song  
As quiet it goes, it's all I've got  
Don't know if I should say the truth or not!

Time here passes very fast  
I stay here till the day comes to last.  
This is my nest  
A place for me to rest.

**My cosy nest is my mother's lap,  
I forget my worries and sleep comfy!  
A rabbit's cosy nest is its burrow,  
We forget sorrows!  
A cosy nest is comfy!!**

**I know this homey place,  
Where everything is cosy and has a glaze.  
With windows to light up the room,  
And pretty paintings covering the peach-coloured walls  
Giving them a bloom.**

**Me sitting on the comfy sofa corner,  
A book in my hand.  
Flower pots adorning the side-table,  
And birds' melodious singing to light up my day!**

**This is the place I never want to leave,  
Where I can forget all my problems,  
Where I can drift into another land,  
Where I dream about my paradise,  
The place I can call...my cosy nest.**

My small balcony is where I lie,  
At times when my mood is not so nice.  
I read books and play songs I like,  
And my mother crosses by  
Watching me having a good time,  
With my birds in the cage,  
Their chirping as my favourite rhyme.  
I have my music box made of glass,  
Which I don't listen to during a class!  
I wish I could make you stay,  
In my cosy nest all day.

**My sweet heaven is my room  
With my favourite book  
Some coffee for flavour,  
To keep me hooked!**

**And I need some cake  
Coz 'I have a sweet tooth.  
Cake that my mother bakes,  
For me and my dog's sake!**

**My dear room,  
Where I laugh, sing, dance and play,  
Study and sleep,  
At times get angry and feel grey.**

**I love my room.  
My cosy space!**

**The best place in my home  
Is the living room indeed.  
I have all emotions  
Rolling and living there.**

**I chat, paint, read and write  
In the same place, I sit and fight!  
The walls speak stories through my paintings  
And floors speak glories with my toys strewn around!  
It is close to my heart and has made me smart!**

In my house there is a store room,  
First, I cleaned it using a broom.  
In the room there is a cupboard,  
With some empty space.  
I kept a cardboard,  
And designed it like a secret base.  
I connected a light,  
To make it shine very bright.  
I also connected a fan,  
Which speedily ran.  
I kept some snack,  
Which was tightly packed.  
I enjoy my cosy nest,  
Which I think, is the best.

**My cosy nest is my bed!  
It feels like that the night has just sped  
It feels like it's made in heaven,  
My dad bought it when I was seven.  
I love my nest  
It is and will always be the best!  
It feels like sleeping on soft snow  
And this is a bed I will never let go.  
This bed gives me nice dreams  
Like eating pizza, burgers and ice - creams!  
With pain and strain, I go to my bed  
It also kills the stress in my head  
It allows me to sleep peacefully  
In the morning, I rise and shine colourfully.**

**My cosy nest is where I relax and snack,**

**And I feel like never going back.**

**A place which I've made my gaming zone,**

**Where I like to be alone.**

**I don't want to be known,**

**This is already my throne.**

**A place where I think,**

**At times I forget to blink,**

**Thinking about the universe's brink.**

# MY COSY NEST

There's a light on in the attic  
Where there's just too little time to worry.  
There's a window calling me  
To see a snowman standing all alone  
In the dust and cold which is more than he can bear!  
Just out of the attic I see  
There's a candy floss cloud burnished  
By descending fire, steep falling ground  
There's a toy box glimmering with magical flare  
As stories I share with Mr. Teddy bear.  
That's why I love to coop up  
In my warm and cosy corner,  
My nest, my attic!
